Lesson Director • Training • Pine Island Montessori School

2015 – 2016

Manager • Head Trail Boss • American Horse Trails

I have been a horseback competitor in numerous disciplines for over 15 years and have been training horses for over 12 years. I am also a professional barrel racer and horse trainer who loves the difficult cases that others have given up on. My specialty is helping off track thoroughbreds find their new vocations after their racing career. I operate a 115 acre ranch and training facility and offer training, lessons and a barrel racing program. I also have 2 Thoroughbred Makeover competitors in training for the 2021 Makeover, one in barrels and freestyle and one in English disciplines – all trained by me. In 2021 I also formalized my non-profit geared toward Second career coaching for thoroughbreds and using them in equine experiences for veterans.

Education

Medaille College, Buffalo, NY
